Dear Friends,

This has certainly been an unusual year. We have all been traveling in uncharted territory due to the COVID-19 pandemic. Our lives have certainly been disrupted and we are having to adapt to new living standards.

As we begin to transition to what very may be the new normal, we still must remember that safety is of the utmost importance. This is especially true for the individuals we serve at Camp Discovery.

It is deeply regretful we announce that following the guidance and recommendations of the Center for Disease Control, the Governor and the Health Departments, we must cancel the 2020 sessions at Camp Discovery. While this is regretful, it is necessary for the safety of the health of our campers and our staff. While it is disruptive, it truly is in everyone's best interest.

We apologize for any inconvenience this may cause. We look forward to the opening sessions of the summer of 2021.

Sincerely,

John F. Germ, President
